

Load Dataset & Train

The image shows the Chrome DevTools Console with the 'Console' tab selected. The top bar indicates '2' errors and '3 hidden' messages. The console log shows the following sequence of events:

- Live reload enabled. (index.html:133)
- Loading IMDB CSV... (index.html:25)
- Loaded samples: 200 (index.html:37)
- Building vocabulary... (index.html:66)
- Encoding... (index.html:69)
- Building RNN... (index.html:73)
- Training... (index.html:89)
- Train Accuracy: 94.38% (index.html:99)
- Val Accuracy: 62.50% (index.html:100)
- Two consecutive red error messages: 'Unchecked runtime.lastError: Could not establish connection. Receiving end does not exist.' (index.html:1)
- After the errors, the console shows: 'Loading IMDB CSV... (index.html:25)', 'Loaded samples: 400 (index.html:37)', 'Building vocabulary... (index.html:66)', 'Encoding... (index.html:69)', 'Building RNN... (index.html:73)', 'Training... (index.html:89)', 'Train Accuracy: 56.88% (index.html:99)', and 'Val Accuracy: 60.00% (index.html:100)'.
- At the bottom, a prompt says: '> [ctrl][i] to turn on code suggestions. Don't show again'.

ML Toolkit Lab Assistance

LabAssignment2 - Sentiment P

LabAssignment1 - IMDB Sentin

LabAssignment3: RNN vs Dense Sentiment Comparison

Train & Compare

Dense Network

51.00%

Flatten → Dense(32) → Sigmoid

RNN Network

57.00%

Embedding → SimpleRNN → Sigmoid
